Hello,

Well, our beautiful snow is melting fast with the warmer temps. Mud, Mud, and more MUD! If you're a mud lover, now's the time to get out and ride!

Our maintenance and resource departments have been busy this week. The fencing is coming right along on the Compound 6 expansion. This will allow us to start renting out spots very soon. We're also hard at work on the Big Top Restroom remodel project. In addition to these, we continue to work on the tree trimming and brush removal in areas around the Ranch.

Progress in Big Top Restrooms!

Compound 6 Expansion!

I had an opportunity to check out the event flyers recently added to the "Things to Do" - "Events" Tab on the website a few days ago. Even though they are only up to May, Wow! This years' 50th Anniversary Celebration is going to be a blast! I can't wait! One last thing.. In honor of Valentines Day quickly approaching, I just have to say..I LOVE THIS RANCH!

Happy Valentines Day to all my Ranch Family!

A Word from the Ranger Station

The recreational facilities and campground amenities here at Cloud 9 Ranch are designed for the enjoyment, convenience, and entertainment of ranch owners and their guests alike. As with any social organization, rules are necessary and designed to safeguard the individual rights of each owner. With this being said, the Ranger Department would like to be transparent in the idea that citations can and will be written for rule violations.

Tickets are not posted until they are finalized by management

**The Rangers Department is pleased to report
zero tickets for this week.
Stay safe out there!**

If you have any questions in regards to rules, feel free to contact a ranger or grab a copy of the 2021 rulebook at the Gatehouse.

As always, it is the Ranger Station's proud privilege to serve C9R's owners and guests.

A time to Remember

We had a member who was a full timer that never took his keys out of his ATV. His wife bought a newer small ATV and thought the world of it. One evening he borrowed her ATV to go to the store. When he returned to the campsite, he did his normal routine of just getting off and going inside. Across the street were a couple of his friends who were known to pull a prank on some unsuspecting soul. After all the lights went off, they used the cloak of night to push the ATV with keys to a secure area, also letting the rangers know what they were up to. In the morning the lady came out of the camper to go to the store. NO ATV.

Of course, the last person to ride it was her husband. He told her it was parked right outside. She said no it was not when he came out, he turned 30 shades of white, they of course called the rangers and they said they would investigate it. By mid-morning almost all the campgrounds knew what was going on. Finally, the guys felt so sorry for the man they brought the ATV back. Of course, they received a good butt chewing, I never seen the man ride his wife's ATV after that. And he still would never take his keys out of his ATV.
