Hi Everyone!

The rain has stopped and the sun is out! Temperatures have been in the upper 40's and mid 50's. We have a lot of projects going on this week.

The Ranch Riders Bridge Fund Project at Fogey is replacing a broken portion of the road leading to Foggy Bridge and repairing the Tubes structure and adding steps from the swimming hole to the top of the tubes, thank to The Ranch Riders!

Compound #7 now has light poles and LED lights. Hoping to have them wired and working this next week.

Richards Excavating is working on concrete pad for the new offices, The new office was approved by The Board of Directors in the January 13th meeting.

Great weather forecast for this upcoming Friday and Saturday! Come out and see what is going on at your Ranch, and don't forget we have the Valentines Heart Hunt hosted by the Conservation Department coming up February 17th!

HAPPY CAMPING

C9R FIBER WORK

We have Tech Tree Partners based out of Springfield Missouri coming down February 12th to start working on our fiber. They will be addressing the line from Hwy 160 to the IT Room, the fiber connection will be down the entire time they are making these repairs.

Ranch business and campgrounds will be running on the wireless backup that we have in place but the campgrounds bandwidth will be limited while the fiber work is being done.

Please be prepared for possible downtime and loss of internet usage.

Our Ranch business systems will have priority over the campgrounds during this time for the ranch to continue running our daily requirements.

We thank you for your patience and understanding during this process.

We will update as we have further information.

IMPORTANT ANNOUNCEMENT

“We are happy to announce that we now offer propane dispensing 24/7 again, we had a great class for our employees to get recertified and had some new certifications to help meet the needs of our members. Unfortunately, we were also informed by the State of Missouri inspector who was at the class that we must start inspecting the tanks we fill better, we were found to be not in compliance with this. We were informed that if an employee fills an out-of-date tank, they can be fined \$5000 personally as well as other fines for the Ranch. We have ordered stickers that we are required to put on each tank our employees fill. Employees will be checking for damaged tanks as well as tanks out of date. You can check your own tank to see if it is in date before bringing it up. On the collar of the tank there will be a date, if it has a date and not letter it is good for 12 years from the date on the tank. If it has a date and the letter E behind it, the tank is good for 5 years from the date. If the date has the letter S after it the tank is good for 10 years from the date on the tank. Examples : 10/20 good till October of 2032 10/20 E good till October 2025, and 10/20 S good till October 2030. A Ranger will check and let you know what the date on your tank is at the time of filling. Currently we do not have any tanks to replace damaged or out of date tanks. We will be working on getting a list together where tanks can be purchased locally.”

Mail and Package Delivery at Cloud 9 Ranch Announcement

Cloud 9 Ranch Club, Inc is NOT responsible for the care or storage of any packages shipped and delivered to Cloud 9 Ranch. We do our best to store any delivered packages for the convenience of our members but we do not hold the responsibility of checking in and out each package during arrival or pick up. Due to our offices closing at 4pm deliveries often come after that time and can likely be left at the Gatehouse, please be sure to check at all locations for your packages.

Thank you Cloud 9 Ranch Club
