**Hi Everyone!**

Lot's of work going on here at your Ranch! Easter and Eclipse weekend events are coming soon and will be the busiest weekend since last Halloween. **With this we will be opening Wilder and Fogey Campgrounds earlier than previously posted. They will be opened the morning of Friday, March 29th!** The speed signs have been set up and would like to remind everyone to follow all posted speed limits signs. It will be the first trip back to the Ranch for many of the members since last year, please have your membership numbers displayed on all of your ATV/UTV's and applicable units as well as a current 2024 sticker.

Work on the road to the new Conex area is nearing completion and the field edges are being trimmed back. It looks like we will be able to place 100 plus 40 foot Conex's in this area. Coming Soon! The Ranch will be selling Turn-Key Conex's! The Board of Directors has approved the purchase of 10 Conex units. These units will be High Cube and painted to the proper color set up and leveled. You will still need a Conex contract and renew it yearly. After they are set we ill know pricing. **If you want to be on the list to purchase a Conex please email me at gm@cloud9ranch.com, please include your name, membership # and a current phone number.**

## C9R FIBER WORK

We have Tech Tree Partners based out of Springfield Missouri coming down February 12th to start working on our fiber. They will be addressing the line from Hwy 160 to the IT Room, the fiber connection will be down the entire time they are making these repairs.

Ranch business and campgrounds will be running on the wireless backup that we have in place but the campgrounds bandwidth will be limited while the fiber work is being done.

Please be prepared for possible downtime and loss of internet usage.

Our Ranch business systems will have priority over the campgrounds during this time for the ranch to continue running our daily requirements.

We thank you for your patience and understanding during this process.

We will update as we have further information.

## **IMPORTANT ANNOUNCEMENT**

“We are happy to announce that we now offer propane dispensing 24/7 again, we had a great class for our employees to get recertified and had some new certifications to help meet the needs of our members. Unfortunately, we were also informed by the State of Missouri inspector who was at the class that we must start inspecting the tanks we fill better, we were found to be not in compliance with this. We were informed that if an employee fills an out-of-date tank, they can be fined \$5000 personally as well as other fines for the Ranch. We have ordered stickers that we are required to put on each tank our employees fill. Employees will be checking for damaged tanks as well as tanks out of date. You can check your own tank to see if it is in date before bringing it up. On the collar of the tank there will be a date, if it has a date and not letter it is good for 12 years from the date on the tank. If it has a date and the letter E behind it, the tank is good for 5 years from the date. If the date has the letter S after it the tank is good for 10 years from the date on the tank. Examples : 10/20 good till October of 2032 10/20 E good till October 2025, and 10/20 S good till October 2030. A Ranger will check and let you know what the date on your tank is at the time of filling. Currently we do not have any tanks to replace damaged or out of date tanks. We will be working on getting a list together where tanks can be purchased locally.”
