OUTDOOR & MARINE

We had a great Easter weekend here at the Ranch! One of the first Easter weekends without rain and great temperatures in a very long time! The great weather helped all the events flow much better and the pancake breakfast had a good turnout, the wait line was never very long and the food was wonderful! Thank you to the C9R Volunteer Fire Department and First Responders. The Easter bounce house, obstacle course stayed very busy and all of the other Easter stations were full of happy kids and family! We had a good turnout for the Spring Rock Crawl as well! This week Turner Fencing has built and installed a pipe fence at Lonnie's Lookout. We hope to have it painted this next week. The decks at the new office are near completion! The cabins on cabin row are getting a new paint job on the face and deck railing. A new concrete parking and unloading area should be poured Friday for the wheelchair accessible cabin #46 in Melody Lane along with the wheelchair lift pad at the new Admin office.

The weather for the total eclipse is improving and they are calling for temperatures in the upper 70's with scattered clouds. We are hoping to have a very good view here at the Ranch. The next total eclipse in Missouri will be in 2178, so come out, enjoy the weekend and don't miss this big event Monday at your Ranch!

**IMPORTANT
ANNOUNCEMENT**

“We are happy to announce that we now offer propane dispensing 24/7 again, we had a great class for our employees to get recertified and had some new certifications to help meet the needs of our members. Unfortunately, we were also informed by the State of Missouri inspector who was at the class that we must start inspecting the tanks we fill better, we were found to be not in compliance with this. We were informed that if an employee fills an out-of-date tank, they can be fined \$5000 personally as well as other fines for the Ranch. We have ordered stickers that we are required to put on each tank our employees fill. Employees will be checking for damaged tanks as well as tanks out of date. You can check your own tank to see if it is in date before bringing it up. On the collar of the tank there will be a date, if it has a date and not letter it is good for 12 years from the date on the tank. If it has a date and the letter E behind it, the tank is good for 5 years from the date. If the date has the letter S after it the tank is good for 10 years from the date on the tank. Examples : 10/20 good till October of 2032 10/20 E good till October 2025, and 10/20 S good till October 2030. A Ranger will check and let you know what the date on your tank is at the time of filling. Currently we do not have any tanks to replace damaged or out of date tanks. We will be working on getting a list together where tanks can be purchased locally.”
