Hi Everyone!

Week 21
May 23rd, 2024

Memorial Day Weekend is here! Let us not forget the true meaning of this Holiday. Originally called Decoration Day, Memorial Day, is a day for remembrance of those who have died in Service to our Great Country! And a Big Heartfelt Thank You!! We have the Family Pool up and running and will be watching the water levels and chemical balance closely. We are currently filling the Adult Pool from 2 water well sources and hope to have it open Saturday barring unforeseen circumstances. Per Board Approval, we have purchased a 12' x 20'ft Gazebo and have set it up in the Fogey Playground. It is the same as the Gazebo the Conservation Committee purchased and set up in Wilder by their Conservation Building. The old sales office was successfully moved to the upper portion of the service drive and leveled. The future use of this building is currently (to be determined). As in my last week's 9 Lines Report we have changed the start/end of the Tomichi Pass and Dyn O Mite to the lower portion of Camo. Please do not cut through the grass or closed trail to the Craft House or you will get to visit with a Ranger! The broken and shifting blocks from the wet ground in the New Conex Area have been replaced this week with a Big Thanks to Ted, the Maintenance Supervisor, and his crew for getting this done. I am adding up our costs and will start calling members who have emailed and are on the list.

Thanks Mike,

Michael Edmonds

**IMPORTANT
ANNOUNCEMENT**

“We are happy to announce that we now offer propane dispensing 24/7 again, we had a great class for our employees to get recertified and had some new certifications to help meet the needs of our members. Unfortunately, we were also informed by the State of Missouri inspector who was at the class that we must start inspecting the tanks we fill better, we were found to be not in compliance with this. We were informed that if an employee fills an out-of-date tank, they can be fined \$5000 personally as well as other fines for the Ranch. We have ordered stickers that we are required to put on each tank our employees fill. Employees will be checking for damaged tanks as well as tanks out of date. You can check your own tank to see if it is in date before bringing it up. On the collar of the tank there will be a date, if it has a date and not letter it is good for 12 years from the date on the tank. If it has a date and the letter E behind it, the tank is good for 5 years from the date. If the date has the letter S after it the tank is good for 10 years from the date on the tank. Examples : 10/20 good till October of 2032 10/20 E good till October 2025, and 10/20 S good till October 2030. A Ranger will check and let you know what the date on your tank is at the time of filling. Currently we do not have any tanks to replace damaged or out of date tanks. We will be working on getting a list together where tanks can be purchased locally.”
