Hi Everyone!

Week 22
May 30TH, 2024

What a Great Memorial Day Weekend! Perfect temperatures and weather, and we were able to open the adult swimming pool! The Kids Catfish Derby, Flea market, Fill the Boot, Family Bingo, Kid's Pool Party, Marble Run and the Live Band on the stage were well attended with a great turnout. We have started some ditch repairs on Hill County Road close to Dry Gulch Rd, please use caution in this area! We have a new hay cutter this year, which is also a member of Cloud 9 Ranch and better understands the Ranch's needs. The first cutting has been completed, and by cutting early we harvested yellow blossoms, clover and red clover, giving the Ranch a much better hay for our horses this coming winter. Please use caution this weekend and next week for the trucks and hay trailers that will be hauling the hay. We have started the electrical work at the Gatehouse area for the new coming mini-Gatehouse, bathrooms, lighting and gate opener. This will be a busy area over the next few weeks. When completed we will have a second entrance lane to be used on holiday Weekends and during special events along with 2 restrooms for members to use when arriving after their long road trips here.

Thanks Mike,

“We are happy to announce that we now offer propane dispensing 24/7 again, we had a great class for our employees to get recertified and had some new certifications to help meet the needs of our members. Unfortunately, we were also informed by the State of Missouri inspector who was at the class that we must start inspecting the tanks we fill better, we were found to be not in compliance with this. We were informed that if an employee fills an out-of-date tank, they can be fined \$5000 personally as well as other fines for the Ranch. We have ordered stickers that we are required to put on each tank our employees fill. Employees will be checking for damaged tanks as well as tanks out of date. You can check your own tank to see if it is in date before bringing it up. On the collar of the tank there will be a date, if it has a date and not letter it is good for 12 years from the date on the tank. If it has a date and the letter E behind it, the tank is good for 5 years from the date. If the date has the letter S after it the tank is good for 10 years from the date on the tank. Examples : 10/20 good till October of 2032 10/20 E good till October 2025, and 10/20 S good till October 2030. A Ranger will check and let you know what the date on your tank is at the time of filling. Currently we do not have any tanks to replace damaged or out of date tanks. We will be working on getting a list together where tanks can be purchased locally.”
