Hi Everyone!

Week 23
June 6TH, 2024

The Fourth of July Weekend is just a few weeks away! The employees are hard at work preparing for a great 4th Weekend. If you have a camper on a pad, it must be occupied Thursday July 4th, Friday July 5th and Saturday July 6th. All guests must be off the campsites Sunday June 30th NO exceptions! Last Friday May 31st the Ranch and Conservation Committee along with help from the Ranch Riders, Board Members, volunteers and myself started a clean-up of the stream below the Fogey Tubes. The purpose of this clean-up is to remove debris left from the 2017 Flood and make your creek/stream more accessible for wading, swimming, sunning and more room for sun tents, chairs and loungers. This is not for 4-wheelers, SxS and vehicles to get in the creek! You will be ticketed (up to a \$250 fine and 1 year suspension of riding privileges) when caught so please keep them out of the creek and use only the authorized crossings! We have been able to hire a few new cooks and as of today the Restaurant is back to being open normal hours. Please be patient as we make this change back to normal hours and days. Monday afternoon Enviromental Works started the replacement of the Wastewater Treatment Plant's sand filter. The sand filter is being replaced with a State Approved pea gravel filter. They are close to completing the removal and will soon be refilling the containment wall with the pea gravel material. Please watch for trucks and equipment on the Ranch roads and use caution!

Thanks, Mike

**IMPORTANT
ANNOUNCEMENT**

“We are happy to announce that we now offer propane dispensing 24/7 again, we had a great class for our employees to get recertified and had some new certifications to help meet the needs of our members. Unfortunately, we were also informed by the State of Missouri inspector who was at the class that we must start inspecting the tanks we fill better, we were found to be not in compliance with this. We were informed that if an employee fills an out-of-date tank, they can be fined \$5000 personally as well as other fines for the Ranch. We have ordered stickers that we are required to put on each tank our employees fill. Employees will be checking for damaged tanks as well as tanks out of date. You can check your own tank to see if it is in date before bringing it up. On the collar of the tank there will be a date, if it has a date and not letter it is good for 12 years from the date on the tank. If it has a date and the letter E behind it, the tank is good for 5 years from the date. If the date has the letter S after it the tank is good for 10 years from the date on the tank. Examples : 10/20 good till October of 2032 10/20 E good till October 2025, and 10/20 S good till October 2030. A Ranger will check and let you know what the date on your tank is at the time of filling. Currently we do not have any tanks to replace damaged or out of date tanks. We will be working on getting a list together where tanks can be purchased locally.”
