OUTDOOR & MARINE

The Fall season is changing to Winter, and I have started to see the first of the beauty the Winter season brings the Ranch each year: with icicles forming on the creek bluffs.

The last Wi-Fi tower has been set in Fogey. TechTree has ran Fiber to Wilder, Fogey, and the Maintenance Building. Now they have lots of Junction Boxes and splicing to complete. The Restrooms at the Gatehouse have been hooked up to the septic line and we will be working on the water line hook-ups, power, and heat. We hope to have the restrooms open by New Year's.

At the Board of Directors meeting last Saturday, the BOARD approved the purchase of a new to the Ranch Pump Truck. If this truck looks familiar to you, you might have seen it here at the Ranch 4th of July 2022 when our Pump Truck was out of service.

The 5 new Conex units have been delivered and set up. I will be making call on the Conex list soon! If you would like to be on the Conex List, please email me at gm@cloud9ranch.com. And please include your name, phone number, and member number in the email.

Thanks

In Loving Memory of

KURT MCGEE

8/5/1970 - 11/21/2024

For those of you who didn't know, Kurt worked for Cloud 9 in the Maintenance department for over 6 years. He left us in July due to medical reasons, those medical issues caused him to be away from us longer than expected, and in the end, it is what took him away from us and his family. We are deeply saddened of his passing. But he will forever be remembered in our hearts. Our prayers are with his family as they are grieving him especially this holiday season.

Those so inclined can make donations in his memory to the Humane Society of Arkansas or PEITZ Cancer Support House in Mountain Home, Arkansas.

Kurt had a good heart and was always willing to lend a hand. You could always count on Kurt no matter what you were doing. If you had a question, he could answer it: he was a very smart man. If I didn't know how to do something, I knew I could ask how or he would show me how. Kurt hired me back in 2016 and gave me a chance because of that chance he took, I am still here today. I remember one time we were fixing electric in Lonesome; we had Howell Oregon shut it off so we could dig it up and it got a member upset. She told us we needed to turn it back on, it was unacceptable that it was off. Kurt then told the woman, that he wasn't going to put the employees lives in danger and that we would be leaving it off. Needless to say, he was a very honorable man and will be missed by all.

**-Ted Ledbetter
Maintenance Supervisor**

I loved his smile and kindness; it was very contagious. I will deeply miss it.

**-Tammy Bjerke
Deeds Dept.**

I have known Kurt for a long time We both worked at the cedar mill together before we came to the Ranch. When we'd talk at work, all he talked about was his dogs. He loved them so much. When I needed to talk, he would be there, he'd sit and listen no matter what the conversation was about. We could talk for hours. We were the best of friends.

Here at the Ranch, we came to work the weekends together. They were great, we would just work on various things together. Some days that were slow, he would tell me all about the places he had been and all the stuff he had done when he was young. We would just laugh and say that we don't know how we made it.

He was the person you could ask anything. From electric to cars and he would find you the answers. He was a man with a lot of knowledge to give. He will be missed here by all.

Resource department Supervisor**
