RANCH MANAGER REPORTS

HELLO EVERYONE!

6-11-25

Board of Directors and Ranch Members

When I took the position of Ranch Manager on March 2, 2020, I told the Board of Directors that on June 11, 2025, my 62nd Birthday, I would be turning in my resignation for retirement effective on December 31, 2025. In the past 5 plus years we have made Great improvements, but there is so much more that I want to accomplish. My first 2 weeks here were spent in the office trying to figure out who to contact to gain access to our phone system and then straight to closing the Ranch because of Covid. When we reopened the Ranch to the Membership we had 3 years straight of record usage, along with record repairs and upkeep. Over the last year as my June 11th, 2025 date has approached, I have realized that I really do not want to retire from working at the Ranch, but no longer want to be employed in the Ranch Manager position. Possibly as a Project Manager, Operation Manager or as Assistant Ranch Manager, any of which would greatly benefit the Ranch as well as shorten my list of repairs and improvements that I hope to accomplish.

The Position of Ranch Manager is far too much for one person to Conduct, Manage and Supervise. The first 4 ½ years I worked 6 days a week and around 65 to 70 hours a week trying to stay on top of all the Ranch issues and it has taken a toll on me. The benefits of me staying employed at the Ranch are many. My - 53 years of Ranch knowledge are and would continue be a great asset. If the new Ranch Manager was on vacation, out of town, on days off, or incapacitated, I would still be employed to step back in as or when needed. As many of you know, my dad Gordon Edmonds was Ranch Manager from 1974 through 1988 with an assistant Manager. After his resignation the Ranch has been run as a one-person Manager system. I look forward to working with the new Ranch Manager and hope to be a part of the continued progress and success of Cloud 9 Ranch.

This is my notice of Resignation from the Ranch Manager Position effective 12-31-2025.

Thanks Mike.

By lining the bottom of your charcoal grill with aluminum foil, cleaning up will be easier, and the bottom of your grill will last longer.

Marshmallows stored in a tightly covered glass jar, will stay fresh for months

A BLAST FROM THE PAST

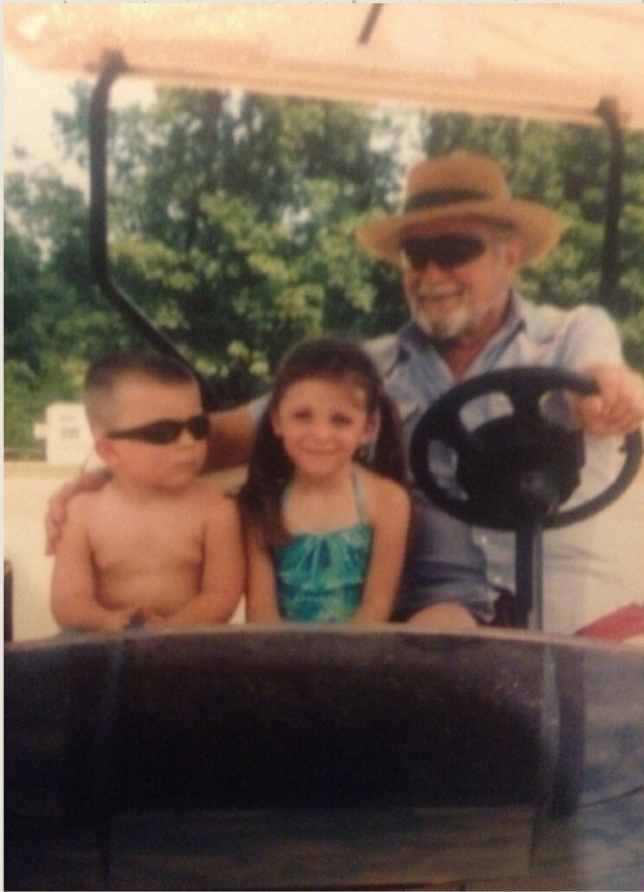

Photo By: Todd Voelker

My grandpa with 2 of his great grandkids. He always camped at the east end of wilder! This was in 02, or 03!

My parents were members in the early 1980s. I ran the trails and creeks on my 1st motorized trail bike when I was 8 yrs old, the first dirt bike track as well in 1981. I miss the wilderness, caves and the beautiful scenery. There was a wooden carved sign attached to a tree on the road leading back up to the big top teen center...."Willie's tree" is what it said....My dad, Willie, wrecked his truck into that tree, scaring the tree by stripping the bark off the tree where the truck hit it. We lived there for several years. We moved away in 1986.

Story given by: Tony Alton

I spent my growing up years from age 3 to 19 every summer at the ranch! Some of my very best memories are there! Back when it was 6358 acres of paradise! I did go back a few times, but it was not even close to the same, especially in the 2000's. My mom gifted the 2 memberships we owned to the church... I would love to bring my grands for a trip to see the pieces of me from the past. A piece of me is in those mountains and I will always love this place!

3rd Annual 4th of July Parade Held at Cloud 9

Sam Britts

Mr. Sam Britts, member, shown in the above photo, was the original organizer and chairperson of the 4th of July parade. Sam has overseen this project for the past three years and we might add has done an exceptional job with this project. There has been much participation in the event over the past few years and a lot of fun for all age groups. A good example would be the Hawaiian Float entered in this year's parade. One would think it took a lot of persuasion to entice those ladies to dress up like hula girls for the entire ranch to see. Sam somehow accomplished this feat. A special thanks to Sam for his efforts over the past three years and we are sorry to announce his retirement from his chairperson position.

King and Queen

Elmer and Marie Lewis

Elmer and Marie Lewis were crowned as the King and Queen of this year's annual parade. They have been members at Cloud 9 Ranch since May 31, 1974 and we wish to thank them for royal performances in the parade. Elmer and Marie spend a good part of their summers at Cloud 9 and have served in numerous volunteer positions for the Ranch. Elmer is also known as the horseshoe pitching king at Cloud 9 and as a couple you will very seldom miss their smiling faces at the dances.
